Re: Power Loss/Surging 2000 Mercury 125hp Thanks for the reply. I forgot to mention that I have a two stroke four cylinder engine. I am going to replace the water separator fuel filter today and inline fuel filter on the motor. They are inexpensive and I am not familiar enough with this boat to know what to look for.

Mercury outboards are one of the most popular outboards on the water. They are dependable, powerful and relatively quiet. They make high-quality, high-performance one and two-stroke engines. However, they don't always fire right up when you try to start them. There's a few things you need to know before they'll turn over.

The 125 is a 2+2 outboard (cuts down to 2 cylinders at idle / low speed). I have an uncle that has one, and it's been a good engine for him. The only thing I noticed, which may or may not matter to you, is that when pulling the kids in a tube there is a "dead spot" right at the point where it transitions from 2 to 4 cylinders.
