Constitutionalism is "a compound of ideas, attitudes, and patterns of behavior elaborating the principle that the authority of government derives from and is limited by a body of fundamental law".. Political organizations are constitutional to the extent that they "contain institutionalized mechanisms of power control for the protection of the interests and liberties of the citizenry ...

Originalism, in all its various forms, is predicated on a specific view of what the Constitution is, a view articulated by Chief Justice John Marshall in *Marbury v. Madison*: [T]he constitution organizes the government, and assigns to different departments their respective powers.

### **Originalism - Wikipedia**

Constitution, the body of doctrines and practices that form the fundamental organizing principle of a political state. In some cases, such as the United States, the constitution is a specific written document. In others, such as the United Kingdom, it is a collection of documents, statutes, and traditional practices that are generally accepted as governing political matters.
