Trauma Centers. It has been shown that younger and more seriously injured children have improved outcomes at a trauma center within a children's hospital or at a trauma center that integrates pediatric and adult trauma services. 14, 31 - 34 Data suggest that the presence of a pediatric trauma center within a state was associated with lower pediatric injury mortality rates. 35 The ...

The SAT (/ , ε s , eɪ ' t i : / ess-ay-TEE) is a standardized test widely used for college admissions in the United States. Since its debut in 1926, its name and scoring have changed several times; originally called the Scholastic Aptitude Test, it was later called the Scholastic Assessment Test, then the SAT I: Reasoning Test, then the SAT Reasoning Test, then simply the SAT.

Screening tests are an important part of your preventive health care. The tests can be used for early detection of some of the more common and potentially deadly diseases, such as cancers, diabetes, and heart disease. These tests can find certain illnesses in their earliest and most curable stages, even before you notice symptoms.

Inter Alia [Latin, Among other things.] A phrase used in Pleading to designate that a particular statute set out therein is only a part of the statute that is relevant to the facts of the lawsuit and not the entire statute.. Inter alia is also used when reporting court decisions to indicate that there were other rulings made by the court but only a particular holding of the case is cited.
