Shadow mastiffs, sometimes known as shadow hounds, were massive dogs of darkness and doom that stalked through the Plane of Shadow. The sound of a pack of shadow mastiffs baying caused all but the bravest individuals to tremble. A shadow mastiff had the body of a large dog, standing a bit over 2 feet (0.6 meters) at the shoulder, but their heads were more humanoid in shape but monstrous, with ...

Shadow demons, also called shadow fiends, were the product of a demon whose essence could not properly reform in the Abyss. Trapped within the form of a living silhouette, these demons were merely shadows of their former selves. The physical form of a shadow demon was normally vague and undefined as it was often confused with the dark contours of the environment or the shadows of onlookers ...

Section 4.4 Euler Paths and Circuits Investigate! 35 An Euler path, in a graph or multigraph, is a walk through the graph which uses every edge exactly once.An Euler circuit is an Euler path which starts and stops at the same vertex. Our goal is to find a quick way to check whether a graph (or multigraph) has an Euler path or circuit. Which of the graphs below have Euler paths?

Euler Paths and Circuits - Discrete Mathematics
Specifies the percentage of black you want added for the drop shadow. In a CMYK document, a value of 100%, used with a selected object that contains a fill or stroke color other than black, creates a multicolored black shadow. A value of 100% used with a selected object that contains only a black fill or stroke creates a 100% black shadow.

How to create a drop shadow in Illustrator
The Paths panel (Window > Paths) lists the name and a thumbnail image of each saved path, the current work path, and the current vector mask. Turning thumbnails off can improve performance. To view a path, you must first select it in the Paths panel.
