Mottling: A new baby's skin can also look blotchy or mottled. This is especially noticeable if the baby is uncovered or cold. Mottling can also occur if your baby is ill. If your baby's skin color becomes pale or mottled, take her temperature. If it is higher or lower than the normal range, call your baby's doctor.

During the first few weeks of life, a puppy's primary activities are feeding, keeping warm and developing social skills. In most cases, humans will simply watch the mother dog provide all necessary care for her puppies. However, if the puppy in your care has been separated from his mother, or if the mother dog has
