Benjamin Franklin, probably no American child over the age of 10 doesn't recognize his name. We all know he was an American hero from "some time in the past," and in 2005, several museums around the world celebrated his life in an exhibition titled Benjamin Franklin: In Search of a Better World. In 2018, the legendary Franklin would have celebrated his 312th birthday.

Ben Franklin and the Vexing Question of Race in America

In 1750, Benjamin Franklin constructed the above semimagic square having magic constant 260. Any half-row or half-column in this square totals 130, and the four corners plus the middle total 260. In addition, bent diagonals (such as 52-3-5-54-10-57-63-16) also total 260 (Madachy 1979, p. 87). Describing his invention in 1771, Franklin stated, "I was at length tired with sitting there to hear debates, in which, as clerk, I could take no part, and which were often so unentertaining that I was ...
