...

Introduced in 1997, the C5 set new benchmarks for performance and provided an American player on the world's sports car scene. In this book, veteran automotive writer Patrick C. Paternie covers the car's stormy development period, successful launch, its development over its years of production (including the awesome Z06 model), its racing accomplishments, and a special chapter devoted to the greatest C5-based tuner cars from around the world.

3.0 out of 5 stars C5 Corvette Book of Knowledge. Reviewed in the United States on February 13, 2016. Verified Purchase. This is pretty expensive for a lot of info on C5 Corvettes you can find online. The authors have compiled information completely at your fingertips so I guess in that regard it is worth the money but again a lot of the info ...
