Code Talkers And Warriors Native

A code talker was a person employed by the military during wartime to use a little-known language as a means of secret communication. The term is now usually associated with United States service members during the world wars who used their knowledge of Native American languages as a basis to transmit coded messages. In particular, there were approximately 400 to 500 Native Americans in the ...

Wonderful. A well-told story of one of the original Navajo code talkers of WWII. But it is more than just the story of the war and the Navajos' essential contribution to it. It is also the life story, from boyhood to old age, of a hero. I learned so much, both about the code talkers and about Navajo life in Chester Nez's growing up years.
