Although Darwin's theory of evolution by natural selection favors evolution, even Darwin acknowledged there was a significant historical event he couldn't account for called the "Cambrian Explosion.". He called it a "troubling anomaly" in "The Origin of Species".
The compelling case for Intelligent Design!.

The Evidence That Darwin Could Not Explain Charles Darwin knew there was a significant event in the history of life that his theory did not explain. In what is known today as the "Cambrian explosion," many animals suddenly appeared in the fossil record 530 million years ago without apparent ancestors in earlier layers of rock.
