This lesson describes how an interaction of muscles, tendons, the skeleton and ligaments is needed for movement of the human body. The PowerPoint and accompanying resources have been designed to cover point 7.9 of the Edexcel International A-level Biology specification and also includes descriptions of antagonistic muscle pairs, extensors and flexors.

Movement of the body (Edexcel Int. A-level Biology ...

Students may download the past papers and mark schemes free of charge only 9 to 10 months after the examination date. The Edexcel purposely delays the publication of these papers, as the teachers have the option to use these papers for mock tests or practice tests.
