### Evolution And Religious Creation Myths

An ongoing, recurring cultural, political, and theological dispute (sometimes termed the creation vs. evolution debate or the origins debate) exists regarding the origins of the Earth, of humanity, and of other life.In accordance with creationism, species were once widely believed to be fixed products of divine creation, but since the mid-19th century, evolution by natural selection has been ...

### Rejection of evolution by religious groups - Wikipedia

Tero Sand and Bob Schadeewald: Talk.origins is a Usenet newsgroup devoted to the discussion and debate of biological and physical origins. Most discussions in the newsgroup center on the creation/evolution controversy, but other topics of discussion include the origin of life, geology, biology, catastrophism, cosmology and theology.

### TalkOrigins Archive: Exploring the Creation/Evolution ...

Evolution in colloquial contexts can refer to any sort of progressive development or gradual improvement, and a process that results in greater quality or complexity. When misapplied to biological evolution this common meaning leads to frequent misunderstandings. For example, the idea of devolution ("backwards" evolution) is a result of erroneously assuming that evolution is directional or has ...

### Objections to evolution - Wikipedia

For many religious people, the Darwinian view of life – a panorama of brutal struggle and constant change – conflicts with both the biblical creation story and the Judeo-Christian concept of an active, loving God who intervenes in human events. (See "Religious Groups' Views on Evolution.")

This could be subsumed within the animal-human spiritual continuity, but extant human societies have origin myths that are distinct from explanations of death (Leeming & Leeming, 1994). Creation myths could have been communicated through story-telling and song but one would still expect some representation through visual art.

### The evolution of human artistic creativity

Unlike essentially all other religious web sites, we don't promote the beliefs and practices of a single religion, or of one denomination, faith group, or sect within a single religion. Instead we try to explain the beliefs, practices, moral teachings and histories of a wide range of faith groups within many religions.
