The term Loft is generally used to describe an upper storey or attic in a building, in other words the space directly under the roof. A loft apartment, on the other hand, refers to a large adaptable open space, often a former industrial building or other type of space converted for residential use. This freedom in terms of design and adaptability has resulted in some very beautiful and amazing loft designs.

Manhattan Lofts for Rent - Nest Seekers

Loft and attic. In U.S usage a loft is an upper room or story in a building, mainly in a barn, directly under the roof, used for storage (as in most private houses).In this sense it is roughly synonymous with attic, the major difference being that an attic typically constitutes an entire floor of the building, while a loft covers only a few rooms, leaving one or more sides open to the lower floor.
