Marketing communications are focused on the product/service as opposed to corporate communications where the focus of communications work is the company/enterprise itself. Marketing communications are primarily concerned with demand generation and product/service positioning [115] while corporate communications deal with issue management ...

Marketing communications - Wikipedia

Language skills have always been fundamental for academic and professional success. However, students in the 21st century are now facing more complex challenges in an ever-changing global society. These challenges have created the need for rigorous state standards in reading, writing, speaking, and listening.

Graphic organizers present lesson goals and lesson organization to help students stay on task and work independently. Reading assignments are embedded into the course and help students master their literacy skills. Several assignments help students expand their writing skills by having them work on an argumentative and informative essay.
