Dr Romesh Jayasinghe. Psychologist (Counselling) Colombo-04, Sri Lanka. Many counselling membership and professional regulatory bodies and associations state and require that for a professional counsellor to work ethically, they must attend regular supervision, to review and justify the quality and effectiveness of their professional work.

The Importance of Supervision in Counselling

One of the signs of a maturing profession is the development of a set of ethical guidelines. These guidelines serve to guide the practice of individual's practice within a given profession. They also, however, reflect the values and, to some extent, the society in which the profession is positioned. The helping professions of counseling and [...]

Adrenal Fatigue is often called a sub-clinical syndrome, a condition that stays “below the surface” of clinical detection. Unfortunately, conventional medicine does not recognize Adrenal Fatigue as a medical condition like Addison’s disease, also known as adrenal insufficiency. As such, do not be surprised if your doctor is unfamiliar ...
