Honda CR-V Rear Differential Fluid Change Cost Estimate

I have a 2012 Honda CRV with 20,700 miles. Just had the oil changed and was told by Honda dealer that rear differential fluid needed to be replaced. Cost was \$94.00. It seemed too soon for that, so I didn't have it done. When I looked in the owners manual for the mileage for this service, there isn't any. There isn't any mileage for any service. Apparently that is all maintained in the ...

Honda CR-V Recalls | Cars.com

Rear diff fluid is about \$65 to change...if you live in a cold climate in the winter the rear diff fluid congeals and needs replacing sooner. The best way to tell (I've had 2 crv's) is to make a sharp turn like into a parking space and if your car bucks or jerks while your turn that is the sign. 14 people found this helpful.

Honda CR-V Questions - Honda CR-V Differential Fluid ...

Rear Differential Fluid Check the fluid level with the rear differential at normal operating temperature and the vehicle sitting on level ground. Remove the differential fluid filler bolt and washer and carefully feel inside the bolt hole with your finger. The fluid level should be up to the edge of the bolt hole.

Rear Differential Fluid - American Honda Motor Company

This was fairly easy to replace in the rear differential of my Honda CRV. I removed the top plug first on the differential (easy to do with a ratchet or breaker bar) and then removed the bottom plug to drain the fluid. I replaced the bottom plug and used the Hopkins 10803 FloTool Transfer Pump to pump the Dual Pump fluid into the differential ...
