**Abstract:** This essay discusses conceptual issues that arise from the study of human social change. The comparative and evolutionary world-systems perspective is explained as a theoretical research program for studying long-term social change. This approach employs an anthropological framework of comparison for studying world-systems, including those of hunter-gatherers.

The Journal-keeping Methods of Lewis and Clark. Clark's last entry is a reminder that "wrighting &c." was one of the principal tasks of the captains, and one that they thoroughly fulfilled. As Donald Jackson has observed, Lewis and Clark were "the writingest explorers of their time. They wrote constantly and abundantly, afloat and ashore, legibly and illegibly, and always with an urgent sense ...
