How to Set up a Hydroponic Garden in Your Home

There are two methods of hydroponic gardening: Either roots are submerged directly in nutrient-enriched water, or the plant is grown in a container filled with a soilless mixture of perlite, sand, and/or coconut fiber. This container is

Home gardeners have used hydroponics on a smaller scale to grow fresh vegetables year round and to grow plants in smaller spaces, such as an apartment or balcony. Greenhouses and nurseries grow their plants in a soilless, peat- or bark-based growing mix. The nutrients then are applied to the growing
