Working at Rocla has been my favourite job so far. We would start the day with a group meeting, then head out to our separate areas for a smaller toolbox meeting. By 6 am, my workmates and I would start by stripping, cleaning, and setting up concrete pipe moulds to be spun by another of our team mates.

**Working at Rocla Pipeline Products: Employee Reviews ...**

Description The Rocla ATX12 is an automated truck for standard pallet handling and transfer operations with a lifting height of 1,700 mm. In Pick-to-AGV operation, manual picking is combined with use of an automated truck: an employee picks up items in the picking area, loading them on the automated truck to be transported further.
