Personal life. Goldberg was born in San Francisco, California, to Jewish parents Max and Hannah (Cohn) Goldberg. He was the third of seven children, three of whom died as children; older brother Garrett, younger brother Walter, and younger sister Lillian also survived. Goldberg began tracing illustrations when he was four years old, and took his only drawing lessons with a local sign painter.

1. Overuse. Technically, IT band syndrome is an overuse injury. It's kind of a misleading classification since there are usually other factors than overuse, but approaching IT band syndrome as an overuse injury is an important first step towards recovery. After icing and resting for a few days, you may need to change up your training regimen.

Cavitation is a phenomenon in which the static pressure of a liquid reduces to below the liquid's vapour pressure, leading to the formation of small vapor-filled cavities in the liquid. When subjected to higher pressure, these cavities, called "bubbles" or "voids", collapse and can generate shock waves that may damage machinery. These shock waves are strong when they are very close to the ...
