## **Violence Against Women Is No Rationale for Military ...**

Sexual violence is often a risk factor for homelessness among women veterans. Stress, depression, and other mental health issues associated with surviving military sexual violence make it more likely that survivors will experience high rates of substance abuse and will have difficulty finding work after discharge from the military.

## **We Must Change the Culture of Violence Against Women in ...**

Specifically, four components of the militarization of domestic violence are discussed: causality, competition, critique, and context. The article closes by reflecting on what is gained by shifting the analytical perspective from domestic violence in the military to the militarization of domestic violence.
