True Wealth: Juliet Schor ...

The key concepts in Plenitude are: (a) new allocation of time, reduced hours of market work (b) self provisioning (c) true materialism, low cost, low (ecological) impact but high satisfaction consumer life (d) enhanced relationships i.e. revitalization of community and social connection It argues that the current economic model of ignoring/ downplaying ecological impact is not sustainable and offers a new model of Plenitude.

Plenitude: The New Economics of True Wealth by Juliet B. Schor

This book has 3 principal ideas: 1) conventional economics no longer works, because 2) it cannot address the ecological crisis that is upon us, so 3) we need to embrace "plenitude" economics, a radical departure from business as usual. The book is both academic, hence full of dry prose and proofs, and an idealistic call to action.

Instead it's an argument that through a major shift to new sources of wealth, green technologies, and different ways of living, individuals and the country as a whole can actually be better off and more economically secure. As Schor observes, plenitude is already emerging. In pockets around the country and the world, people are busy creating lifestyles

Homework for Session 2: The Story of Stuff (Optional)

The 2008 economic collapse proved how resilient and dangerous affluenza can be. Now in its third edition, this book can safely be called prophetic in showing how problems ranging from loneliness, endless working hours, and family conflict to rising debt, environmental pollution, and rampant commercialism are all symptoms of this global plague.

Financial Literacy Overview - Financial Literacy ...

My first brush with economic protests happened when I was a child. My father was laid off from his job in Britain in the 1970s, economically, one of the worst times for that country.
