RIGblaster Advantage - West Mountain Radio
Orion** Orion II** TEN-TEC Delta II Users: Our 8-pin DIN cable is NOT compatible with the TEN-TEC Delta II. You must connect the SignaLink to this radio's 4-pin Mic jack. Notes **On the original Orion, the "Audio" menu determines what audio is available on pins 4 and 6, so the SPKR jumper will need to be set accordingly.

HT Jumpers & Wiring - Separate PTT Line
If you select Icom, you will also see text appear, asking you to change the rig ID (64 by default, which happens to be for the 756 Pro II) to the ID for your rig (the red lines in the graphic above). You should be able to find your rig ID in your manual's CAT control section.

Campaign "6 round semi-automatic grenade launcher. — In-game description. The War Machine (referred to as M32 in the game files) is unlocked for the single player loadout by completing five challenges in Old Wounds.It holds less ammo than the MM1 Grenade Launcher, but has a faster rate of fire and a rangefinder sight.It is a good choice for missions where large groups of enemies are ...

War Machine | Call of Duty Wiki | Fandom
Campaign. The Call of Duty 2 MP40 has been slightly modified from the older versions and is the most common found weapon in the game. While its damage and rate of fire are the same, its recoil has been significantly increased. This makes it much harder to control, so burst firing a target that isn't in close quarters is essential if the player wants to hit an enemy.
