New Year’s Evil is a fun, fast-paced romp that mashes up several great elements into a creepy, Hollywood-ified whodunnit. Yes, the movie shows us our killer character’s face from the start of the action, but the story keeps us guessing about how he ties into Blaze’s life right until the deeply uncomfortable third act reveal.

I'm not big into change. In oncology, when a normal cell changes into something malignant, it's called cellular transformation. The damn cells turn toxic right in front of your eyes. So as far as I'm concerned transformation sucks. Change is a funny thing, and not everyone can handle it. It can sneak up on you. Things aren't what they used to be. Your whole world has transformed. You realize ...
