LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

The Etruscans And The Survival

For instance, much like the Egyptians, the Etruscans believed that survival and prosperity in the afterlife depended on the treatment of the deceased's remains. Souls of ancestors are found depicted around Etruscan tombs, and after the 5th century BCE, the deceased are depicted in iconography as traveling to the underworld.

The scientists then compared the DNA with samples from other groups of ancient and modern people and found that the Etruscans, who spoke a non-Indo-European language, had a genetic profile similar ...

Who were the Etruscans? DNA study might have solved the ...

The Etruscans actually descended from pastoralists (sheep herders) who moved into the region from the steppes during the Late Neolithic and Bronze Age, from approximately 6,000 BC to 3,500 BC. The enormous region of the steppes, in what is now Hungary, the Ukraine and Central Asia, is of course part of the area where all Indo-European languages ...

Claudius was born on 1 August 10 BC at Lugdunum (modern Lyon, France). He had two older siblings, Germanicus and Livilla. His mother, Antonia Minor, may have had two other children who died young. Claudius's maternal grandparents were Mark Antony and Octavia Minor, Augustus's sister, and he was therefore the great-great grandnephew of Gaius Julius Caesar.

Inflammation occurs when the immune response, including immune cells and mediators they produce, protect you from dangerous pathogens like viruses and bacteria. In addition to attacking foreign invaders, many conditions, such as arthritis, asthma, and diabetes, are linked to inflammation. The association between cancer and inflammation was documented as early as 1863 when Rudolf Virchow found ...

Inevitably, this brought them into conflict with the local nomads - Scythians, Sarmatians, Roxolani - all resented the settlers, their 'civilised' ways, their wealth. Life in the Black Sea colonies, therefore, wasn't just a rush for wealth, it was a struggle for survival against a relentless, tireless opponent.
