Evolution of Canadian privacy statutes. Canadian privacy law has evolved over time into what it is today. The first instance of a formal law came when, in 1977, the Canadian government introduced data protection provisions into the Canadian Human Rights Act. In 1982, the Canadian Charter of Rights and Freedoms outlined that everyone has "the right to life, liberty and security of the person ...

Canadian privacy law - Wikipedia

Overview. The expectation of privacy test, originated from *Katz v. United States* is a key component of Fourth Amendment analysis. The Fourth Amendment protects people from warrantless searches of places or seizures of persons or objects, in which they have an subjective expectation of privacy that is deemed reasonable in public norms. The test determines whether an action by the government has ...
