I am quickly approaching the end of my Furst 'Soldiers of the Night' jag and thus far it has been a fascinating experience. His character-driven novels could easily be bound into one gigantic prewar novel.

'Spies of Warsaw' is a weak romance without tension. Furst uses maps (Warsaw 1937, Paris 1939) and little details in his novels to show verisimilitude but you simply do not need to know the street the French Embassy was in in Warsaw before the war. Confidential discussions take place and secret names are revealed without a thought at cafe tables.
