Origami originally refers to the ancient Japanese art of paper folding. The word origami is a compound formed from two Japanese words, ori meaning to fold (or folding), and kami meaning paper. At the early stage, origami was mainly for recreational and artistic purpose, rather than engineering applications .

Since then, Selznick has written two more highly regarded middle-grade picture books. "Wonderstruck," which also combines pictures with text, was published in 2011 and became a New York Times bestseller. "The Marvels," published in 2015, contains two stories set 50 years apart that come together at the end of the book. One of the stories is told entirely in pictures.
