Gehl construction, agriculture and industrial compact equipment and parts. Our full line of skid steer loaders, track loaders, articulated loaders, compact excavators, telescopic handlers, pavers and parts offer the latest in compact equipment technology.

Gehl R190 Skid Loader

Aquaplaning or hydroplaning by the tires of a road vehicle, aircraft or other wheeled vehicle occurs when a layer of water builds between the wheels of the vehicle and the road surface, leading to a loss of traction that prevents the vehicle from responding to control inputs. If it occurs to all wheels simultaneously, the vehicle becomes, in effect, an uncontrolled sled.

Aquaplaning - Wikipedia

A - Overall width is dependent upon the amount of wheel offset. B - Per SAE J818, SAE J732, and ISO 14397. C - Weight of base unit with standard equipment, standard tires (heavy-duty flotation), standard dirt-construction bucket and 175 lb. operator.

Gehl R165 Skid Loader

Just be aware that upgrading the wheel size this much will require you to use a leveling kit and front and rear lift kits in some instances. Quality Jeep wheels offer all of the benefits below when selected to match your intentions for your Jeep. Make Jeep ready for off-roading; Allow Jeep tires to perform at different pressure levels
